Another great summer of racing on Pentwater Lake. There were new boats, traded boats and many regulars back. A few capsizings were the most serious problems encountered, with no real damage.

A new boat with a newly formed crew of Robert and Linda Schoonbeck and Alan Graettinger walked off with season honors, winning the July, August and Season Series. While there were a few races where there were some real competitors for this team, there was no question as to the championship.

The new Scott boat with John, Betsy and Sue managed to capture second in the July Series and second for the Season Series.

Third for the July Series was taken by the Cowles boat — another family team, consisting of Mac, Chris and John. They also managed to take a tie for second in the August Series. The race committee tried all approaches possible to determine second vs. third in the August Series. But in all ways it was an exact tie.

The other boat tying for second in the August Series was Wes McMullen's. He had Andy Loree and Jim Hamlin as crew. In addition to the tie, after stiff competition from Don Lambrix and sons, Wes won the post-season Herb Behr series in the last race.

The remaining eight boats in the fleet provided good competition and are to be reckoned with in the future. Race Week was repeated again this year, enabling many non regulars the opportunity to try their hand and providing crews and skippers of the future.
